Rotation Roster Go-By

For partner and military liaisons · UCI, Harbor-UCLA, Palomar, UCSD

1st Medical Battalion · 1st Marine Logistics Group · Camp Pendleton

Your part takes three steps and no login

1

Get the form link

The CMO sends you one link. Bookmark it; it does not change between rotations.

2

Submit one entry per member

Name, rotation start date, .mil email, specialty and company. About one minute each.

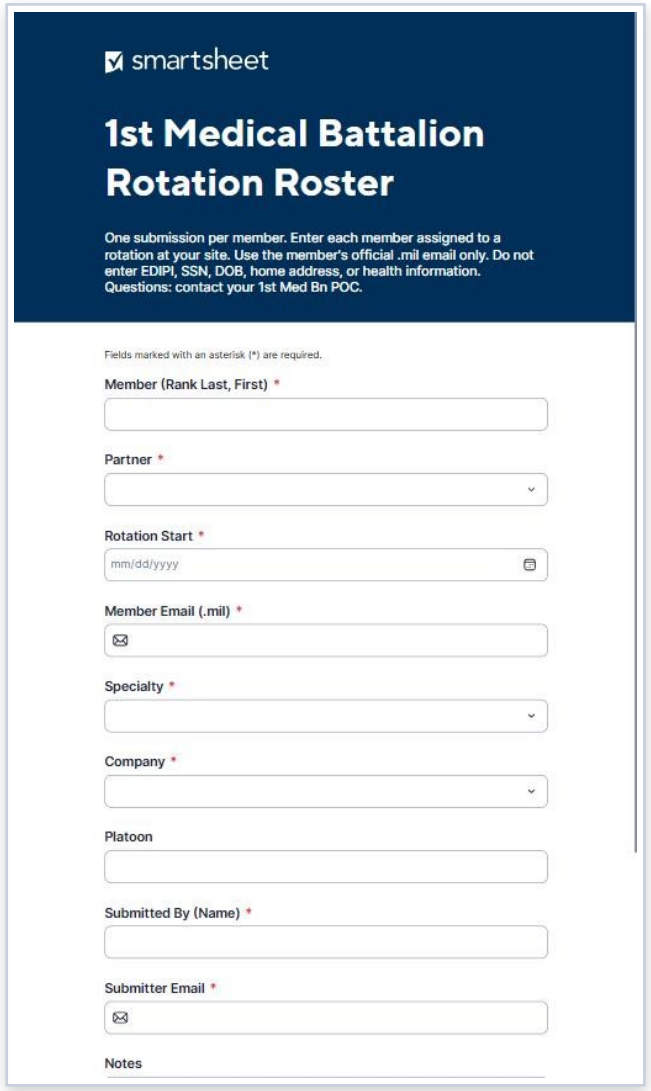

3

Answer the attendance check

The day after each rotation you get one email. Check Attendance Confirmed and note any no-shows.

Everything else (approvals, travel orders, reminders to members) runs from the battalion side.

The roster form

Notes

1. **Member**
   Rank Last, First, e.g. LT Doe, Jane

2. **Partner and Rotation Start**
   Pick your site; the start date is the first day of the rotation week

3. **Member Email**
   Official .mil address only. Reminders and the travel link go here

4. **Specialty and Company**
   Company (Alpha, Bravo, Charlie) routes approval to the right company commander

5. **Submitted By**
   Your name and email, so the CMO can follow up

Personal (non-.mil) email for a member

The form link works for anyone who has it. Share it only with liaisons and partner staff who submit rosters.

After you press Submit

1. **Optional copy**
   Tick "Send me a copy" to keep a record of what you sent

2. **CMO review**
   Entries land in a holding sheet. The CMO checks them before they go on the rotation

3. **Approvals**
   The cohort goes to the company commanders, S-1, S-3, Supply and the XO

4. **Member notified**
   Each member gets onboarding, travel-request and voucher reminders by email

5. **Need a change?**
   Submit a new entry with a note, or tell the CMO. Do not resubmit unchanged entries

Emails you may receive

When	Who	What to do
Day after the rotation	Civilian and military liaison	Open the update request, check Attendance Confirmed, note no-shows or early departures
30 days before start (Harbor-UCLA)	Partner onboarding contact	Check Onboarding Cleared for each rotator, or note what is still outstanding

How the update request works

The email has an Open update request button. It opens a short page with the rotation details and checkboxes. No Smartsheet account is needed. Changes go straight back to the battalion tracker.
